It is our joyful privilege to know, support, love and pray for our missionaries. Consider and treat them as family. Remember their birthdays, anniversaries, holidays, and any other special times God brings them to your heart and mind. Most importantly, pray for them regularly!

If you have any questions, feel free to contact Joni Trees, Indianapolis District LINKS Coordinator via email jtrees@hrtc.net.

What's the best way I can encourage my C+C missionary if they are working in a Creative Access Area (CAA)?

Pray for them daily. Remember that you are making a difference in missionaries' lives, even though the results may not be visible. Send CAA missionaries generic cards (not Christian) and **DO NOT mention words such as missionary, church, prayer, etc. Thinking of you and Hello cards translate to the missionary that you are praying for them.** You may not hear back as often from those serving in sensitive areas so keep in touch also with your district C+C coordinator for updates.
